WEDNESDAY EVENING, JAN. 23, 1901. The Hot Water Cure

Boarding House Keeper-A glass of hot water? What can the man want with a glass of hot water? He doesn't shave.

Cook-He wants to drink it. "To drink it? Well, I never!" "Oh, all the boarders is sending for hot water now three times a day."

"Goodness me! What for?" "Fur to drink. They calls it the hot water cure. It beats all newfangled notions what come up." "What does It cure?"

"Oh, they say it really cures everything just splendid?

"Thank fortune it's cheap. Give 'em all the hot water they want, Maria."

Well, I shan't let any of my boarders get ill for want of medicine. Just put another gallon of hot water in that oyster soup, Maria, and I think you'd better take out the oyster now. It might get too rich."-London Tit-Bits.

One can keep butter sweet a long 10:40 P. M. PACIFIC EXPRESS—P
time, even in a hot room where it is 7 45 A. M. for Kane, Canandaigua, Ro half melted, by keeping it covered with brine made by putting into boiling water all the salt it will take up. Then let it cool and pour over the butter. Meat may be preserved in the same way. To be sure, it will become rather salt, but when you wish to use it take it out of the brine the night before and lay it across two spoons or sticks to lift it from the bottom of the dish in which you wish to soak it and then cover it with fresh water. The salt will then settle out of the meat, and it will freshen nicely. You throw meat or fish into the bottom of a vessel and cover it with water, and it will freshen very lit-tle, for the salt does not fall out, but only to the lower side.

Character Shown by the Nose. "Here is an article in the paper that says a woman's character can be deter-mined by her nose."

"Well, there may be something in that, but there's a surer way. No one can make a mistake concerning a woman's character if he will look at the noses of other women who meet her. The extent to which they turn up at such times shows just what she is or isn't."-Chicago Times-Herald.

Discouraging. "It's very discouraging," said the young man. "I confess that at times I considered myself a genius."

"But perhaps you are," suggested his friend soothingly.
"Impossible. I explained my plans

to half a dozen hard headed, practical men, and not one of them seemed to think that I was a blamed fool."-Life, The Commercial Instinct.

Mamma-Tommy, do stop that noise. If you'll only be good, I'll give you a penny. Tommy-No; I want a nickel.

Mamma-Why, you little rascal, you were quite satisfied to be good yesterday for a penny.

Tommy-I know, but that was a bar gain day.-Philadelphia Press.

BY ELEVATING THE QUALITY of our coal we lower the price in economy of consumption. Consumers will find that it is cheaper to use our high grade Lee Cosl, that has been screened and freed from slate and stone, than that of an inferior grade. It gives more heat, less ashes and burns longer than any other coal, and our prices are as low as any. Coal and Wood under cover.
